NAME AND PURPOSE**

Section 1. Name

This Association shall be called “The Professional Golfers’ Association of America,” and shall be referred to as “the Association.”

Section 2. Purpose

The mission of the Association is to promote the enjoyment and involvement in the game of golf and to contribute to its growth by providing services to golf professionals and the golf industry.

The Association will accomplish this mission by promoting the profession of golf professionals, enhancing the opportunities for amateurs, employers, manufacturers, employees, and the general public.

In so doing, the Association will elevate and enhance the skills and standards of the professional golfer’s vocation, promote the common business interests of golf professionals, stimulate interest in the game of golf, and promote the overall vitality of the game.

The Association is a non-profit membership corporation formed under the Florida Not-For-Profit Corporation Act (the “NPCA”). The Association is a professional association organized as a membership corporation not-for-profit within the meaning of section 501(c)(6) of the Internal Revenue Code of 1986, as amended (the “Code”), and will not carry on any activities not permitted to be carried on by a Florida non-profit corporation or by an organization exempt from federal income taxation under Code section 501(c)(6).

**ARTICLE II
GENERAL PROVISIONS**

Section 1. Interpretation

All disputes or issues regarding the interpretation of the Constitution & Bylaws (the “Bylaws”), as well as any Regulations adopted by the Board of Directors in accordance with Article XII, Section 3, shall be interpreted and resolved by the Board of Directors whose decision shall be final.

Section 2. Rules of Order

All meetings of the Association other than any meeting of the Board of Directors if determined by the Directors shall be conducted in accordance with the Rules contained in Roberts’ Rules of Order to the extent applicable and not inconsistent with the Bylaws.

**ARTICLE III
SECTIONS OF THE ASSOCIATION**

Section 1. Sections Generally

The Association shall designate geographical areas as may be determined, from time to time, by the Board of Directors as “Sections” of the Association. The geographical boundaries of a Section may be changed in accordance with procedures adopted by the Board of Directors from time to time.

Section 2. Grant of Section Charters

A charter may be granted by the Board of Directors to a Section only upon the organization of not less than fifty (50) Master Professionals and Class “A” Members (as defined by the Membership Matters) with respect to a geographic area which is not less than approximately 140 miles square, unless otherwise approved by two-thirds of the Directors present at a meeting of the Board of Directors at which there is a quorum (or by unanimous written consent) and the

Section or Sections in which the proposed new Section resides, if any. The charter of a Section will be granted in the name approved by the Board of Directors. For the avoidance of doubt, each Section will be incorporated as a not-for-profit corporation in its state of domicile or another state, as reasonably determined by the Section. The organizational documents of the Section shall not be inconsistent or at variance with the charter granted by the Association, the Bylaws, the Regulations or any other applicable policies of the Association. The Board of Directors shall have the right to review the organizational documents of any Section to ensure compliance with the foregoing requirement.

Section 3. Rescission of Section Charters

- (a) The charter of a Section may be rescinded at any time by two-thirds of the Directors present at a meeting of the Board of Directors at which there is a quorum if it is determined that the Section has taken any action (or omitted to take any action) that is detrimental to the best interests of the Association or that is in violation of any provision of the Bylaws applicable to the Section.
- (b) The Association shall notify the Officers of the Section in writing no fewer than thirty (30) days in advance of any meeting of the Board of Directors to vote upon the rescission of the charter of the Section. The notice will detail the action taken (or omitted) by the Section that the Board of Directors may determine to be detrimental to the best interests of the Association or to be in violation of any provision of the Bylaws applicable to the Section.
- (c) The Officers or other representatives of the Section shall have an opportunity to make a presentation to the Board of Directors at the meeting and prior to the deliberation and voting of the Board of Directors on the rescission of the charter of the Section.
- (d) Any decision of the Board of Directors to rescind the charter of a Section may be appealed by the Officers of the Section at the next Annual Meeting; provided, that, the Section shall not enjoy any of the privileges of the Association unless and until its charter is reinstated at the Annual Meeting. Without limiting the foregoing, the Section will promptly cease using the Association name, initials and emblem, will not be entitled to designate Section Delegates (as defined in Article IV) with respect to any Annual or Special Meeting, and any District Director designated by such Section will be deemed to have resigned automatically from the Board of Directors.

Section 4. Section Governance

- (a) Each Section shall adopt and maintain in effect governing documents not inconsistent or at variance with the charter granted by the Association, the Bylaws and other applicable policies of the Association. The Board of Directors shall have the right to review the governing documents of any Section to ensure compliance with the foregoing requirement.
- (b) Each Section shall elect Section Officers who shall be Master Professionals, Class “A” Members or Life Members (as defined in the Membership Regulations) whose duty it shall be to carry out the decisions of the Association as it relates to their respective Section and to govern and direct the affairs of their respective Section in accordance with the governing documents of the Section.
- (c) Each Section shall comply with all applicable laws and manage its financial affairs in a fiscally sound manner and shall be responsible for its financial obligations and those of its Chapters.

Section 5. Section Chapters

- (a) *Time and Place.* The Association shall hold an annual meeting of the Delegates (the “Annual Meeting”) at a time and place to be designated by the President with the advice and consent of the Board of Directors.
- (b) *Notice.* Notice of the time and place of the Annual Meeting will be provided to each Director, each Past President and each Section at least sixty (60) days prior to the Annual Meeting. Notice of the Annual Meeting need not be given to any Director, Past President or Section who signs (or in the case of a Section, whose Section Delegates each sign) a waiver of notice, either before or after the Annual Meeting.

Attendance at the Annual Meeting constitutes waiver of notice and waiver of any and all objections to the place of the Annual Meeting, the time of the Annual Meeting, or the manner in which it has been called or convened, unless the Director, Past President or Section (acting through its Section Delegates) attends the Annual Meeting solely for the purpose of stating, at the beginning of the Annual Meeting, any such objection or objections to the transaction of affairs.

Section 2. Special Meetings

The notice of the Special Meeting will describe the purpose for which the Special Meeting is being held, and no other business shall be transacted at the Special Meeting. Notice of the Special Meeting need not be given to any Director, Past President or Section who signs (or in the case of a Section, whose Section Delegates each sign) a waiver of notice either before or after the Special Meeting. Attendance at the Special Meeting constitutes waiver of notice and waiver of any and all objections to the place of the Special Meeting, the time of the Special Meeting, or the manner in which it has been called or convened, unless the Director, Past President or Section (acting through its Section Delegates) attends the Special Meeting solely for the purpose of stating, at the beginning of the Special Meeting, any such objection or objections to the transaction of affairs.

Section 3. Presiding Officer

At any Annual Meeting or Special Meeting, the President or in his or her absence, the Vice President, or in their absence the Secretary, shall preside. A majority of the Delegates shall be present in person (with each Section represented by its Section Delegates) to constitute a quorum at the Annual Meeting and each Special Meeting.

Section 5. Voting; Action at a Meeting

At any Annual Meeting or Special Meeting, each Delegate shall be entitled to one vote; provided, that, if one Section Delegate from a Section is absent from the room at the time of the vote, the other Section Delegate from the Section will be entitled to two votes. Except as otherwise provided by law or by the Bylaws, any action authorized by a majority of the votes cast at any Annual Meeting or Special Meeting will be an act of the Delegates.

Section 6. Proxy Voting

Except as expressly provided in Section 5 of this Article V, proxy voting is not permitted.

Section 7. Executive Session

At any Annual Meeting or Special Meeting, it shall be the privilege of the presiding Officer to declare an Executive Session, at which time all but the Delegates and staff designated by the presiding Officer shall retire from the meeting.

The Board of Directors may remove any individual from office in between Annual Meetings upon a determination that the individual has engaged in acts or omissions deemed to be inconsistent with Association policies or constituting bad faith, gross negligence, willful misconduct or fraud or otherwise upon a determination that the continuation of such person in office is likely to be harmful to the Association. If the President is removed, he or she will not be deemed to have completed his or her full term as President for purposes of these Bylaws.

Each member of such entities has power to administer oaths and affirmations to witnesses in any matter within the jurisdiction of the entity. In the event that an action giving rise to a Code of Ethics inquiry occurs outside of the Section boundaries from which a member or associate is affiliated, then either one or more Section Board(s) of Inquiry may submit a report to the Board of Control summarizing the conduct that occurred outside the Section boundaries. In the event that a question arises over which Section should be involved in gathering evidence, then one or more Sections may request guidance from the Association General Counsel as to the proper way to proceed in the evidence gathering process.

- (a) Board of Directors of the Association

 - (3) Appeals from the Board of Control. The Board of Directors has the jurisdiction to hear appeals that arise from decisions of the Board of Control. All decisions rendered by the Board of Directors for Code of Ethics appeals shall be final.
- (b) Counsel for the Association

(c) Code of Ethics Committee

There shall be such code of ethics committees as are herein provided, each of which shall have the authority and jurisdiction required to perform the functions hereinafter assigned to it and which shall be constituted and appointed as follows:

(1) Section Board of Inquiry. There shall be at least 1 Section Board of Inquiry for each Section of the Association. Such committees shall be designated as Section Board of Inquiry and shall be appointed by the Section President, with approval by majority vote by the Section Executive Committee. Members of Section Board of Inquiry must be members in good standing of the Association. The Section Board of Inquiry shall have jurisdiction and the power to proceed in all matters properly before them. The Section Board of Inquiry shall have the jurisdiction to investigate complaints and to submit a report of its findings to the Board of Control. In addition, The Section shall have the exclusive jurisdiction for all Section tournament violations and ethics charges arising from any Section tournament program for “Minor Penalties” as defined herein.

(A) Membership, Appointment, and Eligibility for Section Boards of Inquiry. Each Section Board of Inquiry shall be appointed by the Section President and shall consist of not fewer than 3 members. All appointees shall be Section Members with no less than five (5) years of membership in the Association.

No member of a Section Board of Inquiry or the Board of Control shall perform any committee function when that member:

- (i) is related by blood or marriage to the complainant or respondent;
- (ii) has a financial, business, property, or personal interest in the matter under consideration or with the complainant or respondent;
- (iii) has a personal interest that could be affected by the outcome of the proceedings or that could affect the outcome; or
- (iv) is prejudiced or biased toward either the complainant or the respondent.

Upon notice of the above prohibitions the affected members should recuse themselves from further proceedings. The Section Board of Inquiry chair shall have the power to disqualify any member from any proceeding in which any of the above prohibitions exist and are stated of record or in writing in the file by the chair. A qualified member of the Section may be appointed to replace the recused committee member for the applicable case at the discretion of the Section President. In the case of the Board of Control, no replacement of a recused member shall occur.

(B) Terms. The terms of the members shall be for 1 year from the date of administration of the oath of service on the Section Board of Inquiry or until such time as their successors are appointed and qualified. Continuous service of a member may continue for so long as the member is willing to serve and for so long as the President of a Section desires the service of the member (subject to meeting all qualifications to serve on the committee).

(D) Oath. Each new member of a Section Board of Inquiry shall subscribe to an oath to fulfill the duties of the office.

The Board of Control shall also render decisions for all Code of Ethics cases submitted to it for review by the Section Boards of Inquiry.

Section 5. Review of Inquiries, Complaint Processing and Initial Investigatory Procedures

- (a) Screening of Inquiries. Prior to opening a disciplinary file, Association counsel shall review the inquiry made and determine whether the alleged conduct, if proven, would constitute a violation of the Rules Regulating the Association warranting the imposition of discipline. If Association counsel determines that the facts, if proven, would not constitute a violation of the Rules warranting the imposition of discipline, Association counsel may decline to pursue the inquiry. A decision by Association counsel not to pursue an inquiry shall preclude further action and review under the Rules. The complainant and respondent shall be notified of a decision not to pursue an inquiry and shall be given the reasons therefore.
- (b) Complaint Processing and Association Counsel Investigation. If Association counsel decides to pursue an inquiry with the concurrence of the chair of the applicable Section Board of Inquiry or the chair of the Board of Control (dependent upon which Entity has jurisdiction), then a disciplinary file shall be opened and the inquiry shall be considered as a complaint, if the form requirement of subdivision (c) is met. Association counsel shall delegate the investigation of the allegations contained in the complaint to the appropriate entity representatives (either to the applicable Section Board of Inquiry or to the Board of Control). In the event that the applicable Section Board of Inquiry chair or the Board of Control chair disagree with the recommendation to proceed with the case, then the case shall proceed to the hearing phase to enable to applicable Entity to decide the merits of the case.
- (c) Form for Complaints. All complaints, except those initiated by Association, shall be in writing.
- (d) Dismissal of Disciplinary Cases. Association counsel may dismiss disciplinary cases if, after complete investigation, Association counsel determines that the facts show that the respondent did not violate the Rules and Association counsel's decision is approved by the Section Board of Inquiry chair or the Board of Control chair. In the event that either the applicable Section Board of Inquiry chair or the Board of Control chair are not in agreement with the decision to dismiss the case rendered by Association Counsel, then the hearing shall be held by the applicable Entity to decide the merits of the case. Dismissal by Association counsel, that is approved by the applicable Entity as set forth above, shall preclude further action or review under the Rules. If a disciplinary case is dismissed as set forth herein, the complainant shall be notified of the dismissal and shall be given the reasons therefore.
- (e) Diversion to Professionalism Enhancement Programs. Association counsel may recommend diversion of disciplinary cases as provided elsewhere in these rules if, after complete investigation, Association counsel determines that the facts show that the respondent's conduct did not constitute disciplinary violations more severe than Minor Misconduct. The Board of Control will be required to concur with Association counsel's recommendation.
- (f) Referral to Section Board of Inquiry. Association counsel may refer disciplinary cases to a Section Board of Inquiry for its further investigation as authorized elsewhere in these rules.
- (g) Information Concerning Closed Inquiries and Complaints Dismissed by Staff. When Association counsel does not pursue an inquiry, or dismisses a disciplinary case, such action shall be deemed a finding of no probable cause for further disciplinary proceedings.

Section 6. Notice and Knowledge of Rules

Every member and associate of the Association is within the jurisdiction and subject to the disciplinary authority of the Association and of its agencies under this rule and is charged with notice and held to know the provisions of this rule and the standards of ethical and professional conduct prescribed by the Association.

Section 7. Rules of Professional Conduct

Violation of the Rules of Professional Conduct by members or associates as adopted by the rules governing Association is a cause for discipline.

Section 8. Misconduct and Minor Misconduct

The standards of professional conduct to be observed by members and associates of the Association are not limited to the observance of rules and avoidance of prohibited acts, and the enumeration herein of certain categories of misconduct as constituting grounds for discipline shall not be deemed to be all-inclusive nor shall the failure to specify any particular act of misconduct be construed as tolerance thereof. The commission by a member or associate of any act that is unlawful or contrary to honesty and professional integrity, whether the act is committed in the course of the member's or associate's actions as a PGA Golf Professional or otherwise, whether committed within or outside the member's or associate's Section, and whether or not the act is a felony or misdemeanor, may constitute a cause for discipline.

Section 9. Criminal Misconduct

Unless modified or stayed by a State Supreme Court as provided elsewhere herein, a determination or judgment of guilt of a member or associate of the Association by a court of competent jurisdiction of any crime or offense that is a felony under the laws of such jurisdiction is cause for automatic expulsion from membership or associate status in the Association. In addition, whether the alleged misconduct constitutes a felony or misdemeanor the Association may initiate disciplinary action regardless of whether the respondent has been tried, acquitted, or convicted in a court for the alleged criminal offense; however, the Board of Control may, in its discretion, withhold prosecution of disciplinary proceedings pending the outcome of criminal proceedings against the respondent. The acquittal of the respondent in a criminal proceeding shall not necessarily be a bar to disciplinary proceedings nor shall the findings, judgment, or decree of any court in civil proceedings necessarily be binding in disciplinary proceedings.

Section 10. Discipline by Foreign or Federal Jurisdiction; Choice of Law

Disciplinary Authority. A member or associate of the Association is subject to the disciplinary authority of the Association, regardless of where the conduct occurs. A final adjudication in a disciplinary proceeding by a court that a member or associate is guilty of misconduct justifying disciplinary action shall be considered as conclusive proof of such misconduct in a disciplinary proceeding under this rule.

Section 11. Generally

A judgment entered, finding a member or associate of the Association guilty of misconduct, shall include one or more of the following disciplinary measures:

- (a) Admonishments. An order finding Minor Misconduct and adjudging an admonishment may direct the respondent to appear before the body that issued the admonishment. A memorandum of administration of an admonishment shall thereafter be made a part of the record of the proceeding.
- (b) Minor Misconduct. Minor Misconduct is the only type of misconduct for which an admonishment is an appropriate disciplinary sanction.
 - (1) Criteria. In the absence of unusual circumstances misconduct shall not be regarded as minor if any of the following conditions exist:

- (A) the misconduct involves misappropriation of the funds or property of an employer in excess of \$1,000.00;
 - (B) the misconduct resulted in or is likely to result in actual prejudice (loss of money, legal rights, or valuable property rights) to an employer or other person in the amount of \$1,000 or more;
 - (C) the respondent has been disciplined in the past 3 years from the date that the most recent misconduct occurred;
 - (D) the Major Misconduct involved is of the same nature as misconduct for which the respondent has been disciplined in the past 5 years from the date that the most recent misconduct occurred;
 - (E) the misconduct includes dishonesty, misrepresentation, deceit, embezzlement or fraud on the part of the respondent; or
 - (F) the misconduct constitutes the commission of a felony under applicable law.
- (2) Discretion of Section Board of Inquiry/Board of Control/Board of Directors. Despite the presence of 1 or more of the criteria described in subsection (1) above, a Section Board of Inquiry may investigate a charge for Minor Misconduct or diversion to a professionalism enhancement program when unusual circumstances are present and submit a report of the facts and special circumstances involved to the Board of Control.
- (3) Recommendation of Minor Misconduct. If the Board of Control finds the respondent guilty of Minor Misconduct or if the respondent shall admit guilt of Minor Misconduct and the Board of Control concurs, then the Board of Control shall determine a penalty. The report and finding of Minor Misconduct shall become final unless rejected by the respondent within 15 days after service of the report. If rejected by the respondent, the report shall be referred to Association counsel for a hearing on complaint of Minor Misconduct to be heard by the Board of Control. Association counsel shall prepare the case showing a finding of probable cause. A hearing will be set with the Board of Control and the respondent shall be provided written notice of the time, date, and place of the hearing and shall have the opportunity to appear in person or by tele-conference either with or without counsel. If the report of Minor Misconduct is not rejected by the respondent, notice of the finding of Minor Misconduct along with the penalty rendered by the Board of Control shall be given, in writing, to the complainant.
- (4) Admission of Minor Misconduct. A respondent may tender a written admission of Minor Misconduct within 15 days after respondent's receipt of a report by the Section Board of Inquiry. The Section Board of Inquiry also will have submitted the same report to the Board of Control. The respondent may tender a written admission of Minor Misconduct to Association counsel or the Board of Control. An admission of Minor Misconduct may be conditioned upon acceptance by the Board of Control, but the respondent may not condition the admission of Minor Misconduct upon the method of administration of the admonishment or upon nonpayment of costs incurred in the proceedings. If a respondent's admission is accepted by the Board of Control, the respondent may not thereafter reject a report of the Board of Control recommending an admonishment for Minor Misconduct. If the admission of Minor Misconduct is rejected, such admission shall not be considered or used against the respondent in subsequent proceedings.
- (c) Minor Misconduct Charges Arising from Section Tournament Events. Each Section shall have the exclusive and final jurisdiction for all Section Tournament Disciplinary Matters for "Minor Penalties" as defined in this paragraph and shall follow the procedures set forth in the Code of Ethics Procedure Manual for all such Section tournament program disciplinary matters:

(d) Probation. The respondent may be placed on probation for a stated period of time of not less than 1 month or more than 2 years, which shall be determined by conditions stated in the order. The judgment shall state the conditions of the probation, which may include but are not limited to the following:

- (1) completion of a professionalism enhancement program as provided elsewhere in these rules;
- (2) the satisfactory completion of a course of study or a paper on professional ethics approved by the Association;

Failure to observe the conditions of the probation or a finding of probable cause as to conduct of the respondent committed during the period of probation shall terminate the probation. In such event, even though such finding of probable cause shall be made after the expiration of the period of probation, the judgment shall be reconsidered by the Board of Control and an appropriate judgment shall be entered. On termination of probation for failure to observe the conditions of probation or on a finding of probable cause for misconduct committed during the period of probation, the member or associate may be punished for contempt or suspended from membership or associate status in the Association, and any such suspension shall continue until the respondent may be reinstated to membership/ associate status as provided elsewhere in these rules.

(e) Reprimand. A reprimand shall be administered in the manner prescribed in the judgment but all such reprimands shall be reported to each Section. Due notice shall be given to the respondent of any proceeding before the Board of Control set to administer the reprimand. The respondent shall be offered the opportunity to appear either personally or via conference call before the Board of Control and such appearance shall be made a part of the record of the proceeding.

(f) Suspension. The respondent may be suspended from membership or associate status for a definite period of time not to exceed two (2) years. During such suspension the respondent shall continue to be a member or associate of the Association but without the privilege of participating in Association and/or Section golf tournaments, and shall not have the right to exercise the rights of membership as set forth in Article VI Section 1 of the Membership Matters. Upon the expiration of the suspension period and the satisfaction of all conditions accompanying the suspension, the respondent shall become eligible to all of the privileges of members and associates in Association.

(g) Permanent Expulsion. A judgment of permanent expulsion terminates the respondent's status as a member or associate of the Association. Permanent expulsion shall preclude readmission. A former member or associate who has not been permanently expelled may only be admitted again upon full compliance with the rules and regulations governing admission to the Association, which shall include, but not necessarily be limited to full completion of all associate program requirements. Except as might be otherwise provided in these rules, no application for readmission may be tendered within 5 years after the date of a suspension in excess of 2 years or such longer period as the Association might determine in the suspension order and thereafter until all ordered restitution and outstanding disciplinary costs have been paid. Permanent Expulsion shall be the mandatory sanction for members or associates found guilty of:

- (1) Conviction of theft (inclusive of but not limited to embezzlement, conversion, or any similarly named felony in the nature of theft and misappropriation of funds) from an employer, student, member or guest at a golf facility or from funds or accounts received or disbursed by a member or associate in the course of employment in an amount that exceeds \$1,000 in cash, property, or any other item(s) of value;
- (2) Conviction of any felony where the punishment of such a felony includes either/or (a) death or imprisonment in a state penitentiary or in a state correctional facility where the sentence includes imprisonment for one year or more and/or (b) payment of a fine or restitution of more than \$2,500.

- (3) Conviction of any crime of a sexual nature including, but not necessarily limited to (a) aggravated sexual assault crimes; (b) any sexual assault crimes involving the commission of any actions of a sexual nature on a minor (whether a felony or a misdemeanor)
- (4) Conviction of any crime involving physical assault that is a first-degree felony as defined in (1) above.
- (5) Conviction of any crime involving the felonious use of a firearm

In circumstances other than those set forth below where permanent expulsion would be the outcome as per the Bylaws, the Board, at the recommendation of the Board of Control, may, by a two-thirds vote, allow for permanent expulsion to be waived with the result to correspond with this Section 11(g) relative to those members or associates (or those seeking admittance into the associate program) that have not been permanently expelled.

The following transgressions shall not be considered for waiver of permanent expulsion under any circumstances:

- a. Thefts/misappropriation/embezzlements over \$1,000 in cash or property;*
 - b. Any infraction involving sexual assaults;*
 - c. Any infraction of a violent nature;*
 - d. Any infraction involving illegal use of a firearm;*
 - e. Any infraction that results in death, personal injury, or material property damage;*
 - f. Any infraction involving the sale or trafficking of controlled substances (or intent to sell or to distribute controlled substances).*
- (h) Restitution. In addition to any of the foregoing disciplinary sanctions and any disciplinary sanctions authorized elsewhere in these rules, the respondent may be ordered or agree to pay restitution to a complainant or other person if the disciplinary order finds that the respondent has illegally converted the property of others. In such instances the amount of restitution shall be specifically set forth in the disciplinary order or agreement and shall not exceed the amount or the equivalent value of the converted property. The disciplinary order or agreement shall also state to whom restitution shall be made and the date by which it shall be completed. Failure to comply with the order or agreement shall not preclude further proceedings under these rules.
 - (i) Disciplinary Resignation. A respondent may be allowed to resign membership in Association in lieu of defending against allegations of disciplinary violations. If accepted by the Association, a disciplinary resignation terminates the respondent's status as a member or as an associate of the Association. A former member or associate whose disciplinary resignation has been accepted may only be admitted again upon full compliance with the rules and regulations governing admission to the Association. Notwithstanding the foregoing, in the event that a member or associate was convicted of a felony as set forth in section (g) above "Expulsion", then the former member or associate shall be permanently expelled and shall not be eligible for reinstatement. Disciplinary resignation is the functional equivalent of expulsion in that both sanctions terminate the membership or associate status in the Association and would require readmission to membership or associate status to the Association as otherwise provided in these rules, no application for admission may be tendered within 5 years after the date of the order of the Association that accepted the disciplinary resignation or such additional time as the respondent may have stated in the petition for disciplinary resignation. A petition that states that disciplinary resignation is without leave to apply for readmission shall preclude readmission to the Association.

Section 12. Suspensions

- (a) Any Member or Associate who is in suspended status for more than two (2) years shall be considered to be expelled and shall again be eligible for membership or registration in the PGA Professional Golf Management Program only by being re-elected or re-registered.

- (b) Any Member or Associate who is more than two (2) months delinquent on a PGA Credit Union loan shall be automatically suspended, unless excused with cause by the Board of Control or unless arrangements have been made with the Credit Union.

Suspended individuals shall lose all rights of membership and the privilege to play in National or Sectional golf tournaments in accordance with tournament administration procedures established by PGA of America and the Sections. Life and liability insurance shall not be denied to suspended Members as a result of their suspension. Individuals employed by a suspended Member may not be denied any rights or privileges. Commencing January 1, 1994, time in suspended status shall not count towards Life Member status.
